STONE CHARACTERISTICS OUTSIDE PHOTO RANGE MAY VARY

There are likely to be variations in consistency of colours and textures, appearance and quality in the finished product of the hardened concrete, as the raw ingredients are natural and subject to variations beyond our control. Whilst every effort has been made to match the colours in the preparation of this document, reproductive processes will alter the actual appearance in the concrete products to varying degrees.

The concrete samples shown are indicative only of the finished concrete product, and no guarantee of the colours or textures of the product is given or implied by this document.

PRODUCT NAME:

## BALTIC DELTA 91 IVORY

unique blend of amber, orange brown and white semi-crushed pebbles blended with a small, intensely dark delta bluestone and set in an ivory base.

### Things you should know

A strong contrast is created between orange and black tones.

This product has a flamboyant personality and loves to draw attention to itself.

This is a great choice for those wanting to make a statement whilst working well with lighter neutral colours.

SPECIFICATION:

Vic Mix Baltic Delta 91 Ivory  
25MPa Exposed Aggregate  
Concrete
