STONE CHARACTERISTICS OUTSIDE PHOTO RANGE MAY VARY

There are likely to be variations in consistency of colours and textures, appearance and quality in the finished product of the hardened concrete, as the raw ingredients are natural and subject to variations beyond our control. Whilst every effort has been made to match the colours in the preparation of this document, reproductive processes will alter the actual appearance in the concrete products to varying degrees.

The concrete samples shown are indicative only of the finished concrete product, and no guarantee of the colours or textures of the product is given or implied by this document.

PRODUCT NAME:

**BLIZZARD ICE
91 IVORY HALF
WHITE**

Much like Alpine Ivory, but set apart with a speckle of large black stone and set in an half white pigment base.

Things you should know

The stone used in this product is the purest white quartz we can source.

It is also a rare resource and availability is often restricted when demand exceeds the quarry's ability to supply.

SPECIFICATION:

*Vic Mix Blizzard Ice 91 Half
White 25MPa Exposed
Aggregate Concrete*

ORDER CODE:

W_BLIZ191HW

REVISION: 23/12/2016
